Hadfield St Andrew's Cricket Club

A Brief History and 2024 Update

Hadfield St Andrew's Cricket Club is 101 not out.

Founded in 1923 as a tennis and cricket club, Hadfield St Andrew's has been at its Newshaw Lane home for its entire history after the land was bought from Lord Howard for £11,000 in 1922.

After WWII, Hadfield made its name in the Glossop & District League winning over twenty 1st XI trophies. They won 4 league trophies during a 20-year stay in the Derbyshire & Cheshire League, before taking the bold step in 2020 of joining the recently formed Greater Manchester Cricket League where they now play.

In 2024, the Club is confident of bouncing back from a disappointing 2023 season. Liam Doyle's stellar contributions with both bat and ball striking against an otherwise underwhelming season, his 150* against local rivals Mottram the highlight. In pursuit of fortunes new in 2024, Hadfield have signed Cameron Ingham (NZ), who joins as a wicketkeeper batsman.

The Club now boasts two Saturday XIs, a Social XI, and a growing 'All Stars' and 'Dynamos' section. The Club's juniors have long been an area of great pride with 14 former and current juniors representing the 1st XI during the 2023 season.

Hadfield really is a Club for the whole community, playing host to countless community events, groups, and functions. We hope you, and even your family and friends, will come and join us this season, whether that be playing, watching, supporting, drinking, cheering, or much more besides.
